

RAGUL D

Hello, I'm an expert in UX designing, Illustration, Wireframing and Prototyping. I'm focused on creating meaningful experiences through design. Possesses strong analytical and User-Centered design skills to create holistic solutions that are functional and research-driven.

EXPERIENCE

May 2022 – Present

UX Tech Lead • Tech Mahindra

- Working in Interaction Designs and prototype creation using figma and closely with clients for several projects.
- Mentoring the junior designers for better designing and following style guides
- Lead the design discussions with the clients.
- Involve in design to HTML conversion for certain projects.
- Redesigned the existing projects to meet the new guidelines provided by the client and got several appreciations for the work.
- Collaborated with Product managers, business partners and engineers to define the product requirements and roadmap.

October 2012 – April 2022

Senior UX-Designer and UX Chapter Lead • Amarprakash Developers Pvt Ltd

- Designed the experience language style guide — a resource for both designers and engineers. These designs/OOCSS components make the design look more consistent and keep our code base slim using Figma, Invision, etc.
- Formalized a team within Central Design to deliver a distributed-yet-centralized Design System and wireframing and prototyping.
- Brought the successful metric to PM team and executives by helping them come up with the plan for a high fidelity video and final mockups for Q3 and Q4 stage.
- Illustrated the future user journey, storyboard for Office's new service: Enterprises Resource Planning (ERP) a service portal for enterprise users to connect with resources, people, and contents effectively.
- Work closely with CEO, CFO and CTO to run company's app and website. Implements Company's long and short term goals
